Company History

- 1982 Company established
- 1985 Due to company development we moved to 10,000sq ft , which was our first purpose built premises.
- 2000 Since becoming the market leader for Electrical switchgear in Ireland, we had the requirement to develop our facilities further and move to our current 23,000 sq foot premises at Citywest Business Campus, Dublin 24. This has enabled the company to manage the local market needs and also allow us to capably manage the requirements of manufacturing equipment for our new major multi-national projects
- 2009 Amman, Jordan Opened Sales office and Established LLC in 2010
- 2009 Doha, Qatar, Sale Office Opened and established LLC in 2011
- 2012 Open 2nd manufacturing facility in Dublin to meet growing demand and Business expansion to bring Electrocentre Business in house
- 2013 Opened London Office to provide local engineering and support

Control Equipment Ltd

Electrical Switchgear
& Modular Solutions Manufacturer

Electrical Solutions

- LV Switchgear
- Packaged Sub-Stations
- Motor Control Centres
- Control & Protection Panels
- PDU
- UPS & DC Systems
- HV/MV/LV Transformers
- MV Switchgear
- Scada/PLC
- Power Factor Correction
- Variable Frequency Drives
